BOOK SYNOPSIS

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This is the first and only book in the market that provides a theoretical framework on basic counseling skills. It presents a strong multicultural thread, as well as a strong emphasis on self-awareness. The book discusses the counseling process, the microskills model and helping skills and techniques, and includes integrated case conceptualization. Written for students, counselors, social workers, psychologists, and anyone interested in learning the basic techniques of helping in the context of theory and application to diverse populations.
