BOOK SYNOPSIS

After being kicked out of her apartment in Brooklyn in 1992 and unable to afford rent anywhere near her school, art student Ash Thayer found herself with few options to keep a roof over her head. Luckily she was soon welcomed into a new squat in New York's East Village. The squatters were forced to be secretive and exclusive as a result of their poor legal standing in the buildings and few outsiders were welcome and fewer photographers or journalists. Ash observed them training each other in necessary crafts, all the time documenting with her camera.
