## BOOK SYNOPSIS

"The Everyday Atheist," by Ronald F. Murphy, is an honest look at a growing skepticism within the previously unquestioned religious community. This book represents Mr. Murphy's first work in a series that will attempt to discuss the stark realities of taboo subjects from the unbiased perspective of the everyday reader. In his initial book he provides a clear account of why he adopted, questioned, and ultimately rejected religious faith. No matter what your faith, his plainly spoken and readable narrative addresses the unspoken thoughts that linger in us all, as we seek to answer the age-old question "Is there a God?"

**THE EVERYDAY ATHEIST** - Are you looking for Ebook The Everyday Atheist? You will be glad to know that right now The Everyday Atheist is available on our online library.
